

GENERAL PRIVACY NOTICE

Your personal data – what is it?

“Personal data” is any information about a living individual which allows them to be identified from that data (for example a name, photographs, videos, email address, or address). Identification can be directly using the data itself or by combining it with other information which helps to identify a living individual (e.g. a list of staff may contain personnel ID numbers rather than names but if you use a separate list of the ID numbers which give the corresponding names to identify the staff in the first list then the first list will also be treated as personal data). The processing of personal data is governed by legislation relating to personal data which applies in the United Kingdom including the General Data Protection Regulation (the “GDPR) and other legislation relating to personal data and rights such as the Human Rights Act.

Who are we?

This Privacy Notice is provided to you by the Mortimer Village Partnership (MVP) on behalf of the individual Committee Members that may deal with your personal data. As an unincorporated association each Committee Member can act as a data controller for your data.

Within the remainder of this policy the terms ‘MVP’ ‘we’, ‘our(s)’ means the individual committee members of the MVP.

Other data controllers the MVP works with:

- Other data controllers, such as local authorities and councils
- Community groups
- Charities
- Other not for profit entities
- Contractors

We may need to share your personal data we hold with them so that they can carry out their responsibilities to the MVP. If we and the other data controllers listed above are processing your data jointly for the same purposes, then the MVP and the other data controllers may be “joint data controllers” which mean we are all collectively responsible to you for your data. Where each of the parties listed above are processing your data for their own independent purposes then each of us will be independently responsible to you and if you have any questions, wish to exercise any of your rights (see below) or wish to raise a complaint, you should do so directly to the relevant data controller.

A description of what personal data the MVP processes and for what purposes is set out in this Privacy Notice.

The MVP will process some or all of the following personal data where necessary to perform its tasks:

The MVP will comply with data protection law. This says that the personal data we hold about you must be:

- Used lawfully, fairly and in a transparent way.
- Collected only for valid purposes that we have clearly explained to you and not used in any way that is incompatible with those purposes.
- Relevant to the purposes we have told you about and limited only to those purposes.
- Accurate and kept up to date.
- Kept only as long as necessary for the purposes we have told you about.
- Kept and destroyed securely including ensuring that appropriate technical and security measures are in place to protect your personal data to protect personal data from loss, misuse, unauthorised access and disclosure.

We use your personal data for some or all of the following purposes:

- To contact you by post, email, telephone or using social media (e.g., Facebook, Twitter, WhatsApp);
- To enable us to meet all legal and statutory obligations and powers including any delegated functions;
- To promote the interests of the MVP;
- To maintain our own accounts and records;

What is the legal basis for processing your personal data?

Most of your personal data is processed for our legitimate interests for the purpose of involving people and groups in the life of the village, by improving communications, by connecting people together and by facilitating activities and events, thereby enhancing the lives of those who live and work in Mortimer.

We may process personal data if it is necessary for the performance of a contract with you, or to take steps to enter into a contract. An example of this would be processing your data in connection with the use of printing facilities, or the acceptance of an event concession.

Some of your personal data is processed for compliance with a legal obligation which includes the discharge of the MVP's statutory functions and powers.

Sometimes the use of your personal data requires your consent. We will first obtain your consent to that use.

Sharing your personal data

This section provides information about the third parties with whom the MVP may share your personal data. These third parties have an obligation to put in place appropriate security measures and will be responsible to you directly for the manner in which they process and protect your personal data. It is likely that we will need to share your data with some or all of the following (but only where necessary):

- The data controllers listed above under the heading "Other data controllers the MVP works with";
- Our agents, suppliers and contractors. For example, we may ask a commercial provider to publish or distribute newsletters on our behalf, or to maintain our database software;
- On occasion, other local authorities or not for profit bodies with which we are carrying out joint ventures e.g. in relation to facilities or events for the community.

How long do we keep your personal data?

We will keep some records permanently if we are legally required to do so. We may keep some other records for an extended period of time. For example, our annual events typically run on a 3 year organisational rotation and we feel it is reasonable to keep associated personal data for that period. The MVP is permitted to retain data in order to defend or pursue claims. In some cases the law imposes a time limit for such claims (for example 3 years for personal injury claims or 6 years for contract claims). We will retain some personal data for this purpose as long as we believe it is necessary to be able to defend or pursue a claim. In general, we will endeavour to keep data only for as long as we need it. This means that we will delete it when it is no longer needed.
